Description:

It is of great pride and honour that Mrs. Mohini Kelkar (founder director Grind Master) is appointed as Vice President of IMTMA. IMTMA (Indian Machine Tool Manufacturers Association) is the primary body representing the Strategically Important Machine Tool Industry in India.

IMTMA members including leading machine tool builders and suppliers in India - they contribute for MAKE IN INDIA with tremendous support to the Manufacturing industry and thereby increase the nation's competence. Mrs. Kelkar will be working with the IMTMA office bearers led by President Mr. Rajendra Rajamane.

Considering the over 40 years experience in Machine Tool industry, we look forward to supporting Mrs. Kelkar in this endeavour and make an impactful journey in IMTMA.

The subjects Mrs. Kelkar is keen on working with IMTMA include -

1. Enhancing Indian Machine Tool Industry Exports - MAKE FOR WORLD
2. Revisiting HR Practices for Competence in Machine building
3. Environmental Sustainability of Machine Tool Industry

Grind Master has been also working on the above subjects over the last few years, and we commit to following best practices and methods for achieving these objectives. We also look forward to sharing our learnings and understanding from the industry about how we can do better.

We wish her the best for this journey.
